

Volvo EX30 — Product Specifications & Features

Pure Electric | MY26 | India-spec brochure-derived product information

Product specifications, equipment and feature details structured from the supplied brochure. No sales strategy, AI instructions or competitor information.

1. Product Overview

Specification / Feature	Details
Model	Volvo EX30 Pure Electric
Model year / market	MY26; India-spec information is stated in the brochure
Vehicle type	Electric SUV
Powertrain	Pure electric
Variant	India-spec brochure states a single variant
Design	Scandinavian design; compact footprint; modern SUV proportions

Source: brochure page(s) 2–3, 14, 30

2. Powertrain & Performance

Specification / Feature	Details
Motor power	200 kW / 272 hp
Torque	343 Nm instant torque
0–100 km/h	5.3 seconds
Drive type	Not specified in the supplied brochure
Transmission	Not specified in the supplied brochure
Battery capacity	69 kWh
Electrical architecture	400 V
Battery position	Between the wheel axles
Battery cooling	Advanced liquid cooling
High-voltage battery protection	Shielded/protected battery with advanced cooling

Source: brochure page(s) 12–14, 18

3. Electric Range & Charging

Specification / Feature	Details
Claimed range	Up to 480 km
DC fast charging	10–80% in approximately 26–28 minutes
Maximum charging power	Up to 153 kW stated for the 69 kWh battery
Ultra-fast DC charging reference	Brochure also references 150 kW DC charging
Charging status	Progress tracking in driver display and Volvo Cars app
Cable security	Cable auto-lock
Public charging navigation	Google Maps and in-car apps
Home charging	Convenient overnight top-ups

Source: brochure page(s) 13–14, 18

4. Dimensions, Capacity & Practicality

Specification / Feature	Details
Overall dimensions	Not specified in the supplied brochure
Boot capacity	Up to 318 L
Boot capacity with rear seats folded	Up to 904 L
Front load compartment (frunk)	7 L
Storage	Central storage below display, centre-console storage, under-armrest storage, deep door pockets, phone/bottle/bag storage
