2. Powertrain & Performance

Specification / Feature	Details
Engine type	Petrol engine with mild-hybrid technology
Engine technology	Miller engine
Mild-hybrid battery	48 V
Energy recovery	Braking energy recovered to charge the 48 V battery
Integrated starter generator	Supports the petrol engine and can provide additional support during acceleration
Transmission	Eight-speed Geartronic automatic gearbox; manual mode is described
AWD	AWD with Instant Traction is described
0–100 km/h	Not specified in the supplied brochure
Power	Not specified in the supplied brochure
Torque	Not specified in the supplied brochure
Fuel compatibility	E20 fuel compatibility stated

3. Dimensions & Capacity

Specification / Feature	Details
Overall length	4708 mm
Wheelbase	2865 mm
Overall height	1653 mm
Body width	1902 mm
Width including mirrors	2117 mm
Ground clearance shown	211 mm
Track dimensions shown	1653 / 1657 mm
Other dimensions shown	878 mm, 965 mm, 1055 mm, 1037 mm, 988 mm, 616 mm, 1478 mm, 1430 mm, 1746 / 960 mm
Boot/load capacity	Not specified numerically in the supplied brochure
Load-through capability	Rear-seat loading hatch for long objects

4. Exterior Design, Lighting & Colours

Specification / Feature	Details
Exterior design	Contemporary Scandinavian design; muscular yet elegant profile
Headlights	Full-LED headlights with T-shaped daytime lights
Rear lights	Flowing rear lights; refreshed model includes darker rear lights
Front design update	New air intake with Volvo Cars iconic iron mark
New wheel options	Yes
New colours	Forest Lake and Aurora Silver
Additional colour availability	Mulberry Red introduced for the XC60 in the brochure

5. Interior & Comfort

Specification / Feature	Details
Seating	Five-seater; Volvo seat comfort highlighted
Cabin	Quiet, light-filled cabin with premium materials
Panoramic roof	Shown/described
Illuminated door handles	Yes
Ground lighting	Illuminates area beneath open doors
Air cleaner	Advanced Air Cleaner technology filters dust, pollen and odours and monitors air quality
Air-quality sensor	Measures PM2.5 levels
Front seats	Power-operated comfort seats with leather upholstery and front cushion extensions are described
Front massage seats	10 massage points; 5 programs; 3 speeds; 3 intensities
Massage-seat availability	Available for Comfort seats with perforated fine Nappa leather upholstery
Wireless phone charging	Space next to gear knob for wireless charging
Interior options shown	Charcoal or Blond
Materials	Natural driftwood decor, genuine wood accents, leather upholstery and refined trim
Gear selector	Crystal gear selector by Orrefors

6. Infotainment & Connectivity

Specification / Feature	Details
Central touchscreen	11.2-inch / 22.86 cm
Pixel density	Increased by 21%
Driver display	12.3-inch / 31.24 cm
Driver display graphic modes	Four graphic modes
Head-up display	Projects vital data in the driver's line of sight
Infotainment platform	Next-generation Snapdragon Cockpit Platform from Qualcomm Technologies
Infotainment speed claim	More than twice as fast as outgoing system
Graphics generation claim	Ten times faster graphics generation
Google built-in	Google apps and services integrated into infotainment
Google Assistant	Hands-free control of temperature, navigation, music and messaging
Google Play	Music apps and services

Specification / Feature	Details
Google Maps	Real-time traffic updates
Digital Services Package	5-year standard Digital Services Package stated
Voice control	Climate, navigation and entertainment
Over-the-air updates	New features and apps are supported through OTA updates

7. Audio

Specification / Feature	Details
Premium audio system	Bowers & Wilkins
Power output	1,410 W
Speakers	15 high-end speakers
Centre speaker	Tweeter-on-top centre speaker
Subwoofer	Air-ventilated subwoofer
Audio processing	Can recreate acoustics of specific rooms

Source: brochure page(s) 13

8. Safety & Driver Assistance

Specification / Feature	Details
Pilot Assist	Helps maintain a safe distance and provides steering adjustments to help keep the vehicle centred in its lane
Adaptive Cruise Control	Maintains safe distance from vehicle ahead
Stop-and-go support	Can follow the vehicle ahead, brake to a complete stop and resume movement
City Safety	Detects vehicles, pedestrians, cyclists and large animals, including at night; can warn and assist with braking or steering
Oncoming Mitigation by Braking	Can detect oncoming vehicles and apply braking to mitigate potential collisions
City Safety evasive support	At 50–100 km/h, can aid rapid evasive manoeuvres by braking inner wheels individually
Run-off Road Mitigation	Can provide steering and, if necessary, brake support
Oncoming Lane Mitigation	Can alert and provide steering assistance back toward the correct path
Front/rear park assist	Yes
360° camera	Bird's-eye view for reversing and tight spaces
Safety cage	High percentage of ultra-high-strength boron steel in passenger compartment
Crash protection	Front/rear deformation zones, safety belts and airbags work together to manage crash energy
Front-seat protection	Whiplash protection; crash-absorbing structure for run-off-road vertical impacts
Driver responsibility	Brochure states driver remains responsible; driver-assistance functions are supportive

9. Suspension & Driving Dynamics

Specification / Feature	Details
Front suspension	Double-wishbone
Rear suspension	Integral axle
Driving balance	Designed to balance control, precision and comfort
AWD traction	Instant Traction directs power to wheels with best grip
Engine design	Lightweight, low-friction design with advanced boosting technology

Source: brochure page(s) 21–22

10. Mild Hybrid & Efficiency

Specification / Feature	Details
Mild-hybrid operation	Braking energy charges a 48 V battery
Engine restart	Integrated starter generator supports smoother restarts
Acceleration support	Recuperated electric energy can boost the combustion engine
Fuel consumption	Mild hybrid system reduces engine load, particularly in urban driving
Emissions	System is described as reducing tailpipe emissions
Miller engine	Optimises thermal efficiency for lower fuel consumption and quieter operation
Cooling efficiency	Enhanced cooling efficiency stated

Source: brochure page(s) 23–25

11. Climate & Air Quality

Specification / Feature	Details
Advanced Air Cleaner	Sensor measures PM2.5 levels and optimises cabin air quality
Air-quality benefit	Brochure links cleaner air with driver concentration
Climate controls	Detailed climate-control specification is not provided in the supplied brochure

Source: brochure page(s) 9, 26

12. Brochure Notes

Specification / Feature	Details
Equipment availability	Some equipment described/shown may only be available at extra cost
Specification disclaimer	Information may become incorrect due to product-specification changes since printing
Market	Brochure photography is outside India with a left-hand-drive vehicle
Configuration	Features and design may vary
Current information	Brochure advises checking latest information with Volvo Cars dealer before ordering
